

Faaborg Camping, Diving and nature for everyone

Enjoy a lovely break with plenty of exciting experiences for the whole family. At Faaborg Camping, there is a wealth of activities to enjoy. One of the southern coast's best spots for beach diving is located nearby, and the site provides great diving facilities. Cabins and mobile homes are available for rent, and you can also set up your own tent or caravan.

The area is perfect for bike riding, and you may also try hiking at the Øhavsstien located nearby. You can go shopping in the charming historic town of Faaborg where you can find plenty of attractions for the young and old alike. The natural playground located 300 yards from the camping site will challenge your senses, and there are different sections for all age groups. In the Holsteenshus Klatrepark, you can scamper about the tops of 10 metre high trees. If you bring your own horse, we can provide a pen, and the newly-laid Riding Route Sydbyn offers plenty of excitement. And how about a round of golf at Svanninge Hills, just 2 km from the site?
